

THE Supply Chain & Logistics **LINK**

The official publication of The Supply Chain and Logistics Group.

The Supply Chain and Logistics market place in the UAE has seen profound changes – from evolution of Supply Chain Management to the increased role of technology and electronic commerce.

A New Beginning: The SCLG Group

Supply Chain & Logistics Group (SCLG) is the only non-profit organization, set up under the umbrella of Dubai Chamber of Commerce and Industry as a special Interest Group, established to promote the cause of Supply Chain & Logistics in the region. UAE's strategic location at the crossroads of East and West has made it the leading hub between Europe and Far East. Dubai is the acknowledged gateway to a market of an estimated two billion people in the Middle East, Sub Continent, Russia, CIS & Africa. The ultra-modern Dubai Cargo Village, located next to the Dubai International Airport, has been recording remarkable increase with regard to cargo volumes and all aspects of cargo handling. Dubai Ports Authority, one of the leading trans-shipment centers in the world, serving more than 130 shipping lines, is ranked amongst the leading container ports of the world.

With Dubai firmly established itself as the leading sea and air hub, the Supply Chain & Logistics industry is in for a boom.

The Supply Chain & Logistics Link

The **SCLG LINK** – published on a quarterly schedule - is the only business information service dedicated to reporting on and promoting the region's supply chain and logistics industry.

Covering company's developments, industry's wide trends and providing global perspectives, essential for today's logistics professionals, **SCLG LINK** magazine is the essential link in the chain for everyone involved in the Supply Chain and Logistics.
